LORRAINE'S PILLS. OR-VEGETABLE UNIVERSAL MEDICINE CURATIVE

Sin I have been for many years a sufferer from the ravages of Scrolula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inutility of all ramedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a bow. By the use of them I found immediate relief and was soon restored to a perfect state of health.

I soon felt very calm, and quiet, and a state of general repose came on which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever, did in my life. I rose in the morn duty to recommend this medicine.

Family Metheine. SIR I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them -they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 2rom 25 to \$100 per year for medicines, and physicians; since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL. The anniversary is on the last Wednesday in August The proper time for admission is the first week in the academical year which commences eight weeks from the anniversary

This Seminary is equally open to Evangelical Christians of every denomination

Candidates for admission will be expected to To our Shipmates of the Columbia produce testimonials of their regular standing in College or University, or otherwise have made so much from the evils of intemperance literary acquisitions which, as preparatory to theological studies, are substantially equivalent to a liberal education

For the accommodation of students, an excellent Boarding House has been provided and fur nished, which the stüdent is entitled to regard as his home, especially in sickness. At-this house, which is rent free, the students, being formed into a society for the purpose, and regulating their bill of fare according to their own judgment, receive their board at cost Board, including washing, mending, &c was furnished,

No student is charged for instruction or room rent The room being furnished, two dollars a year is charged to each student for the use of furniture

Students, who are beneficaries of the American k,ducation Society, receive from that source eighty dollars a year For those, who need farther ass stance, and are approved by a commuttee of the ustees, a part of the price of their clothing, provided by benevolent ladies in Ban- " Guilty of Murder gur, and other places, are formshed gratuitously to indigent students,

Manual labor of different kinds is performed by the students for their own benefit I hose who are disposed to assist themselves in this way not do before to morning are permitted to make their own contracts, and to receive the avails of their own exertions

It will be seen from the above statement, that this Seminary is a charitable one, where the expenues of the Student are, to a great extent, gratutously provided for Almost the only ex-\_\_ penac (incidentals excepted) is that of board, which, during the forty weeks of the term time, will amount to between forty and fifty dollars the year, and in case of need, a part of this is paid from the funds of the Seminary

reference to the benefit of Theological Students, tains also most of the valuable periodical Literature of the day

The Reading Rosen of the Seminary is furnished with all the best Newspapers, Political or Richardson Smith, the free negro who enoccupancy of the students

a place of worship, but also recitation rooms for fence the Library

There is needed the means of making gradual but continued accessions to the Library

The Professorships need to be filled up, as soon as practicable, and placed on a permanent foundation

In short, the Seminary needs, what was in tended to be furnished for it five years ago, but what subsequent, unforescen, and uncontrollable events have in a measure frustrated u needs an endowment. Its friends ought not to rest nor its patrons to be satisfied, till this is furnished Meanwhile it needs, and must have, the means of meeting its necessary current expenses, that it may pursue its course of nacfulness unchecked

The above we gather from the pamphlet al-"luded to, and as it is a matter of public concernment, we have prefefred to let those interested speak for themselves

it r On Friday last at the opening of the Bank of Pennsylvania a crowd appeared with bills for redemption. The crowd kept up during Bank hours without excitement, and the paying teller had a busy time of it, but kept at it, and had an other to belp him. As the crowd increased and | Saco had not been repaired, a temporary depot the excitement extended, the other Banks in the city at half past two o clock refused to receive the Bills of this Bank | The Gov of the State

Brother Shipmates It is the wish of the Lemperance Society formed on board this slip, of Systematic Theology Rev. George Shep that their old friends and slippinates of the Culumbia, will join them in the cause they have undertaken, that they will go hand in hand together, and be the first means of creating a hap py change in our lives and habits, and hereafter the name of a man-of-war s-man, instead of ocing coupled with that of a drunkard, will be held in as much respect as that of the "longshere gentry, we have always been victorious in all our engagements, but we have an enemy to conquer now, that is far more powerful than iny we have ever had to contend with. But let old, we will be sure to come off the conquerors Over two hundred of our messmates have already signed the pledge, come then, shipmates, rally round our standard, and we will at last rescue the name of "seaman from the obloquy in which it has so long been held

LIVER COMPLAINTS, ANO ALL SICKNESS & DISEASES. DR. LIN'S AND CHINESE BLOOD PILLS

The Greatest Secret Discovered Lan The Greatest Secret Discovered [4] URGF, purge purge has been the cry for the last few years. This has been effectually tried, and yet sufferers have muliplied, and died; and why? Not because purging was not necessary but too much has been done without the tonic to follow, and sustain the system. Purge, you must! The sickly lumnors of the blood must be carried off or the accumulation of them prevented. Prevent,

then, the growth of such humors.
Why do the Chinese live to such immense ages and still retain the powers of youth or unade age?

Because they parify the blood. The Chinese Brood Pills so called because they work upon and cleanse the blood are the standard remedy. These Pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of the base humors which infest the blood, and which only increase by purges. unless the Bitters are taken after. Buy, then, these Pills and Bitters. Take weekly the Pills and daily the Bitters, and if you are or have been invalids for days, weeks, months, or years, you will find the sickly humors drawn off, and prevented from a return, and the sallow yellow hue of sickness change rapidly to

We know lady of this city whose hair was so nearly gone as fo expose entirely her phrenological developements, which, considering that they betokened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourged the loss of locks that she had worn, and, after a year's fruitiess resort to mis colled restoratives, purchased, some months ago, a bottle or two of Oldridge's Balm, and she has now ringlets in rich prefusion, glossy, and of ravenblackness. THE MONITORIAL READER, or a Monitor to Youth, holding up to their view Models whereir to form their own Character. R. DANIEL, ADAMS, Author of Adams's New Arithmetic. EXTRACTS FROM THE PREFACE.

"THE MONITORIAL READER possesses distinctive traits. The object is to supply what is believed to be the great desideratum in our schools a series of exercises relating to what concerns the practical matters of life -truth, integrity, honeyer. industry, temperance, forethought, frugality, petient endurance of adversity, and whatever else tends to form and fix the character of youth.

We wish to impress it on the minds of those into whose hands these exercises shall come, now, in this seed-time of life, what is here so abundantly inculcated, that Every man is emphatically the architect of his own fortune that with themselves it lies whether they shall ever be any thing or nothing that a monied capital to begin with does not weight a whit in the balance for or against them that coming into life with health, strength, capacity for labor, good education, a useful and respectable trade, habits of industry, sobriety; punctuality, frugality, and above all, with a GOOD AND UNSULLED CHARACTER, they have the best of all capital a moral capital: the noblest of all power moral capital. power: and the most certain means of honest and honorable accumulation and fortune, and may be sure, under circumstances ordinarily propitious, to rise to that compotency of influence, respect, and general confidence, and that honorable measure of wealth and independence, which should fully satisfy a ressonable and virtuous ambition."
